BUILDINGS UNDER 2.5m HIGH

A selection of the Scotts buildings can be supplied with a modified cedar shingle roof that will keep the height of the building under 2.5 metres to comply with current planning regulations. The 2.2m Newhaven Corner Summerhouse is available with a modified slate effect glass fibre roof that keeps the height under 2.5 metres.

GENERAL

Any Scotts Summerhouse can be delivered for self-assembly with full assembly instructions to Scotland and outside the UK mainland. Please contact the Sales Office for a quotation.

All prices are inclusive of VAT at the standard rate. At the time of order full base plan details will be sent and you will need to confirm that adequate access is available for the roof and floor. We are unable to carry these items over walls and through houses. Full details of access requirements can be obtained from our sales team or agents. Inadequate access may result in the building being returned to Scotts and a charge being incurred.

Scotts reserves the right to alter their specification in the interest of product improvement without prior notification.

PLACING AN ORDER

You can order your Scotts summerhouse directly from the showsite where you saw it, by email or over the telephone by calling 01832 732366.
