

STABLE DOORS & WINDOWS

Scotts of Thrapston is the country's leading manufacturer of timber stables and equestrian buildings, with an unrivalled reputation for design expertise, quality and service.

Alternatively, if you are building stables in brick or updating older stables, Scotts offers high quality stable doors, windows and accessories to meet your build requirements.

Made to measure oak stable doors

Scotts of Thrapston manufactures and supplies high-quality stable doors and windows. If you are building your stables in brick or block or refurbishing older timber or period stone stables, Scotts has the solution. The extensive range of doors and windows can be purchased off the shelf or specified to your own individual requirements.

STABLE DOORS

From a standard two-part 'Newmarket' stable door & frame, with galvanised steel lining and capping, through to rear top doors and sliding barn doors, Scotts can assist with your project.

Manufactured to an exceptionally high specification, Scotts stable doors are clad with tongue and grooved pressure impregnated boarding. If preferred, they can be colour matched with your property's paint work, for a cohesive look to your stables and home. The following doors can be supplied, in standard or bespoke sizes, to suit your yard:

- Newmarket stable door and frame
- Pony height stable door and frame
- Sliding barn doors
- Garage and barn doors and frames
- Bottom stable door and frame
- Rear top door and frame
- Glazed rear top door and frame
- Tack room door and frame
- Feed room door and frame
- Entrance gates

STABLE WINDOWS

Louvred laminated glass windows, with galvanised frame and internal grille, are standard for many stables as they offer controllable ventilation and security. The Scotts louvred window design is available in a standard size or can be manufactured to individual specifications.

In addition, Scotts designs and manufactures specialised stable windows to fit in with your project. Scotts is able to supply a variety of alternative styles and options, including hopper windows as well as standard casement windows for offices or workshops.

ACCESSORIES

In addition to standalone stable doors and windows, Scotts offers a range of stable accessories including saddle horse, anti-weave grille, Hay Bar, clock and clocktower, talk grille, roof trusses (including overhang) and oak posts.

Further stable accessory details are available on the Scotts website.

GARAGES AND CAR BARNES

Scotts garages and car barns can be created to accommodate your treasured motor vehicle, whether a cherished classic car, quad bike, tractor or a family runabout. Scotts bespoke timber garages, car barns and workshops are designed and manufactured for each specific application.

GATES

Scotts of Thrapston designs and supplies high quality, bespoke timber gates for residential properties and equestrian yards. Distinctive wooden gates are manufactured in hardwood, pressure impregnated softwood or Accoya, depending on your requirement.

SUMMERHOUSES

Scotts manufactures and supplies distinguished summerhouses and garden buildings, in all shapes and sizes. The range of sumptuous summerhouses will enhance any garden setting or equestrian yard, providing the perfect hideaway.

BESPOKE DOORS AND WINDOWS

For many years, Scotts has had an enviable reputation for producing bespoke joinery, of the highest quality, for both domestic and commercial projects. Scotts doors, doorsets and windows are tailored to suit individual projects, whether for new build or renovation projects.

FEATURE TRUSSES

Decorative bolted trusses are often specified to make an impact in new housing developments. Scotts can produce feature trusses to suit the architectural character of the property and to create an open and spacious feeling to any room.

TIMBER ROOF TRUSSES

Scotts designs and supplies all structural roof components to suit your equestrian project. Scotts manufactures bespoke roof trusses to take slates, clay tiles or cedar shingles, for example, so that new buildings can match existing and surrounding ones.
