EQUESTRIAN BUILDINGS

Scotts is the country's leading supplier of bespoke timber equestrian buildings with an unrivalled reputation for design, quality and customer service. The Scotts service includes initial design through to on-site construction. Whether a complete yard complex, an American barn or a simple field shelter is required, Scotts provides the perfect solution for you and your horses.

SUMMERHOUSES

Scotts manufactures and supplies distinguished summerhouses and garden buildings, in all shapes and sizes. The range of sumptuous summerhouses will enhance any garden setting or equestrian yard, providing the perfect hideaway.

GARAGES & OUTBUILDINGS

Scotts bespoke garages and workshops can be created to accommodate your treasured motor vehicle, whether a cherished car or a family runabout. Additionally, Scotts designs bespoke outbuildings for a variety of applications and to suit your specification.

ROOF STRUCTURES

Scotts designs and supplies all structural roof components to suit your equestrian project. Scotts manufactures bespoke roof trusses to take slates, clay tiles or cedar shingles, for example, so that new buildings can match existing and surrounding ones.

ENGINEERED FLOORS

The easi-joint engineered floor system from Scotts provides a practical, cost-effective alternative to traditional timber joists, whether for domestic or commercial applications. A precision designed and manufactured floor system, easi-joint combines stress-graded timber with engineered metal webs to create a flooring solution to your specification.
